TECHNICAL FILE

PRODUCT RANGE: KING

CODE: KING-5L-00

DESCRIPTION: RTS 5 CM/2IN W/LID LM

PRODUCT FEATURES:
The Raised Toilet Seat line is designed for those who have difficulty sitting or standing up when using the toilet: the elderly, post-operatory patients, and wheelchair users to facilitate the transfer. The ergonomically designed surface area of the seat reduces pressure, offering increased user comfort. The slight downward incline of the seat promotes correct posturing and reduces flexing of the hip and knee joints. The contoured seat incorporates both rear and frontal openings, allowing greater access for personal hygiene. Suitable for the majority of toilet bowls. The seat is made of polypropylene, offering durability, strength, and warmth. The finished surface is easy to clean and resists stains and smells.

MECHANICAL PERFORMANCE:
Max user weight 250 kg; 550 lb.

CERTIFICATIONS:
MDR 745 "European Regulation 1017/845"

APPLICABLE NORMS:
EN ISO 14971:2019+A11:2021, PN-EN 1041 : 2010 + A1 2013, EN ISO 12182:2012, EN ISO 21856:2022, EN ISO 14001:2015, EN ISO 13485:2016+A11:2021

MAINTENANCE:
Periodically check that fixing fittings conform to initial mounting.
Clean with water and non-aggressive detergent.
Do not use abrasive or corrosive products.

PRODUCT PACKAGING:
Box dimensions: 365X90X410 mm.
Gross Weight: 1.445 kg.
Net Weight: 1.21 kg.
